

Leadership Development Program

Trauma-informed training for adult & juvenile corrections facilities

Adapted from the book The Hood's Curriculum: Turning Lived Experience into Political Power

THE S2S METHOD — FIVE MODULES

01 Trauma — The Root Issue

Behavior is a symptom. The program starts at the wound underneath it.

02 Mindset Reconstruction

Success is a mindset — but so is recidivism. Residents learn to spot the difference.

03 Accountability & Ownership

No excuses, no blame loops. Ownership of the past, leadership of the future.

04 Survival to Strategy

Street instincts re-aimed: planning, discipline, and long-game thinking.

05 Re-Entry Leadership

Residents leave leading themselves first — then family, peers, and community.

CUSTOM TRACKS

ADULT FACILITIES

- Re-entry readiness & workforce mindset
- Peer mentorship inside the unit
- Family reunification & communication
- Financial literacy fundamentals

JUVENILE FACILITIES

- Identity beyond the label
- Trauma processing through journaling
- Education engagement & goal mapping
- Conflict resolution & impulse control

68%

of people released from state prison are rearrested within 3 years (BJS)

44%

are rearrested within the first year after release (BJS)

\$40K+

average annual cost to incarcerate one person in the U.S.

1

changed mindset can break a generational cycle

FORMATS

- 60-minute keynote
- Half-day staff workshop
- Multi-week resident curriculum

Every module maps to a chapter of the book, so facilitators and residents can go deeper between sessions.
